## PROGRAMME OF EVENTS

Taking as its starting-point the Enclosure Maps for Aldington (1807) and Badsey (1812), The Badsey Society seeks to chart the development of the parishes during the last two centuries. The Aldington map will be on display in the Remembrance Hall and the Badsey map in the parish church. Computer users will also be able to view the maps via an internet connection or on CD-Rom.

After the formal part of the evening, please feel free to look at the exhibitions, buy one of the Badsey Society's publications, have another drink or chat to Committee members about the project.

If you are not a member of The Badsey Society and would like to join, membership is just £1.
