The Inn sits at the centre of the village, in the Vale of Evesham, famous for its crops and market gardening. Dating back to the 17th Century the beautiful historic building which was once a farm and a bakery, is now fully re-furnished as a welcoming **Pub and Restaurant**.

We also own the other pub in Badsey - *The Round of Gras*, the only pub in the world named after a bunch of English Asparagus which features on the menu during the season of May & June.

5 Minutes to Evesham, 30 Minutes to Stratford-upon-Avon, with Worcester, Gloucester & Cheltenham all within easy reach. Close to the Cotswolds, we are an ideal centre for exploring the glorious English countryside.
