Badsey was *en fete* on August 2nd, on the occasion of the Festival of the Local Lodge of the Cirencester Working Men's Conservative Benefit Society in connection with the annual Flower Show. It was a brilliantly hot day, and all the arrangements were admirably planned and successfully carried out. The members of the Lodge went to Church, headed by the Evesham Band, when a short and bright service was conducted and the Vicar preached the sermon. There was a large attendance of members which was very gratifying, and we hope that a service of this kind will be continued year by year. There was a good show of flowers, fruit, vegetables, etc., etc., and everything passed off most successfully. Numerous amusements were provided, and the very large attendance proved how very popular the Badsey Show is. We hope it will grow as the years go by, and be quite the event of the neighbourhood. Mrs. James Ashwin very kindly came and gave away the prizes, a graceful act on her part which was much appreciated. The members of the Committee are much to be congratulated on the success of their labours.

We are now in a position to give the balance sheet of the Bazaar held on July 26th in aid of the funds for the Restoration of Wickhamford Church. It will be seen that in some cases the receipts from the stalls are larger than the sums published in the August Magazine, in consequence of the sale of various articles and other receipts, since that date.

\* N.B.—A good many articles made up and included in this bill were not sold.

We propose to have a small Sale of Work later on, when these things and all that was left over from the Bazaar will be disposed of. We hope that there will be plenty of buyers and that a substantial sum will be added to the funds. A child's cot was presented and still remains on hand. It has been valued at £1 6s. by the kind donor. Would anyone care to buy it? The total sum paid into the Bank from all sources up to date amounts to £128 10s. We cannot say exactly when the work at Wickhamford Church will be commenced. The sum of £230 has been mentioned by Sir Arthur Blomfield as the lowest estimate for the most necessary work. When we see our way to obtaining this sum we shall commence the restoration at once.

The Vicar has been making researches in the Bodleian Library at Oxford on the subject of the relationship between George Washington, the first President of the United States, and the Penelope Washington buried at Wickhamford. He is glad to discover that the latest authorities in America have found recent evidence to prove undoubtedly that George Washington was descended from the Northamptonshire family of Washingtons. The great grandfather of George Washington and Penelope's father, Colonel Henry Washington, were first cousins. This fact has sometimes been disputed, but it seems now to be clearly proved and admitted in America that such is the case.
