

Hearth Tax 1664

This surname index relates to the 1664M 1665L return for the county of Worcestershire, the manuscript for which is held by The National Archives (TNA) ref. E179/201/312.

Full details about this document can be found on the TNA E179 database at <http://www.nationalarchives.gov.uk/e179/>

Names are listed alphabetically, by surname, and then by forename and original spellings have been retained throughout, apart from the standardisation of *vid* to *Widd*.

Parish and hundred names have been modernised and membrane references relate to the location of the name on the original manuscript. Missing or illegible text is indicated using [...] and only entries for which the surname is either wholly or partially legible have been included in the index.

There are a further c. 250 entries for which the surname is illegible.

This material has been transcribed and analysed in full by the Centre for Hearth Tax Research at the University of Roehampton. For further details, please visit [Hearth Tax Online](http://www.hearthtax.org.uk) <http://www.hearthtax.org.uk>
